

BULLETIN #1

The purpose of this and future bulletins is to keep AMCA drivers and crews up to date with what's happening with the AMCA Nationals class. In future, these bulletins will be published on the internet to ensure they reach not only AMCA drivers and crew, but also other speedway competitors.

As you may know, most of the states are in their off-season, however the Northern Territory is off and running. Jim Keane (NT#33) is doing a great job up there as the NT representative for AMCA Nationals. Jim advises that:

The NT State Title will be held in Darwin on the 11th of September 2004.

Other race meetings at Darwin include:

Friday 17th of September 2004 – Tri City Sprintcar Challenge (Night 1)

Saturday 18th of September 2004 - Tri City Sprintcar Challenge (Night 2)

NOTE. AMCA's will race on at least one of the above nights with a possibility of both.

Race meeting at Alice Springs include:

Friday 25th September 2004 – Tri City Sprintcar Challenge (Night 1)

Saturday 26th September 2004 - Tri City Sprintcar Challenge (Night 2)

NOTE. AMCA's will be race on both nights.

Jim is currently trying to raise tow money (\$500) for up to a dozen cars.

AMCA Nationals Pty Ltd are currently taking orders for flywheels.

Fax your order to 03 54 264 710

I am currently reviewing all car numbers that have not been used (registered race cars) in recent seasons with the view to reallocating them if they aren't going to be used in the immediate future, so please let your state representative know of your intention to race in the coming the season.

The new AMCA Nationals Pty Ltd fax number is (03) 54 264 710. Please direct all inquiries via fax to this number. Phone numbers of the State Representatives and the National Office will be published in the near future

Regards

Michael Reidy
